The Old Red Museum of Dallas County History and Culture is located in the West End of downtown Dallas in the beautifully restored Old Red Courthouse built in 1892. Dedicated to inspire and educate visitors about the rich and varied cultural, economic, political and social history of the Dallas County area, the second floor of Old Red is filled with exhibits, 41-touch screen computers, an educational learning center and four mini theatres.

The spacious facility can accommodate many types of events. The architecture is historical but you can blend modern elements to create an exceptional occasion. The room's beauty accentuates whatever design you may have.
